

Christ Church has been impacting  
the lives of thousands of people  
across the globe.

Now God is calling us  
to even Greater Things  
in 2019.

What is your role in the  
next phase of our journey?

*"We are doing incredible things, but I think this is all about our future now. We're all about making our future settled for the coming generations and for what God may be doing right here in our own midst. I want you to pray, 'How can I be a part of what God is doing in this place?' Ask yourself, 'What is my role in this? How can I make this kind of thing happen for my church that's meant so much to me?' Those are the questions that will move us forward." -Pastor John*

**BUILDING RESERVES**

This year, we are concentrating on building our general and capital replacement reserves. This ensures financial stability during months when giving is low by providing immediate cash, if needed. A healthy cash reserve allows us to find more favorable loan terms for our mortgage, allowing more money to be put into ministry instead of interest.

**\$600,000**

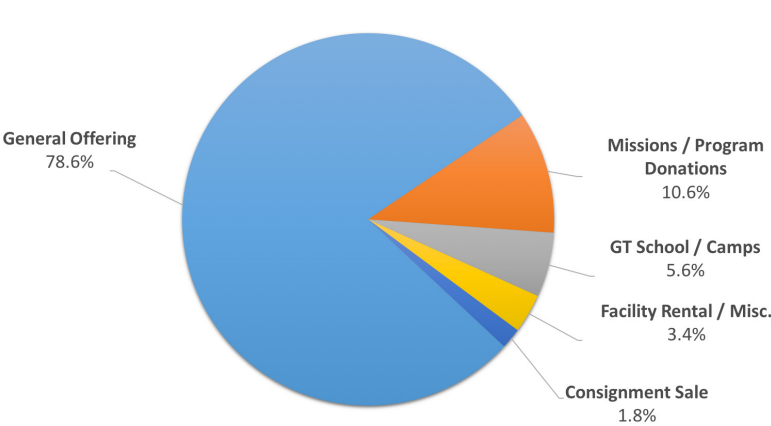

**ACQUIRING PROPERTY**

The property next door is coming available. This property will allow us the opportunity to do things in the future—a respite care facility and overflow parking—as we continue to grow. We simply could not do these things if we did not have the right place to grow. This is a once-in-a-lifetime opportunity for us as a congregation, and it would be wise to take advantage of it now.
